Sorcerer Hunters

It is a merciless world where sorcerers wielding magic are in complete control. In the Spooner Continent, powerless commoners spend each day tyrannized by these sorcerers. To put an end to the never-ending series of malevolence, Big Mama sends out an elite group of warriors–the Sorcerer Hunters. Fighting for human survival are Carrot Glasé, Marron Glasé, Chocolat Misu, Tira Misu and Gateau Mocha. While Big Mama wants to defend the world without total destruction, she is opposed by Zaha Torte who wants to end the chaos by more radical means.

She was trying to contact someone on the outside.

I was relieved when I heard that you, her only relative, hadn't heard from her.
So I fed her to the Gamul.

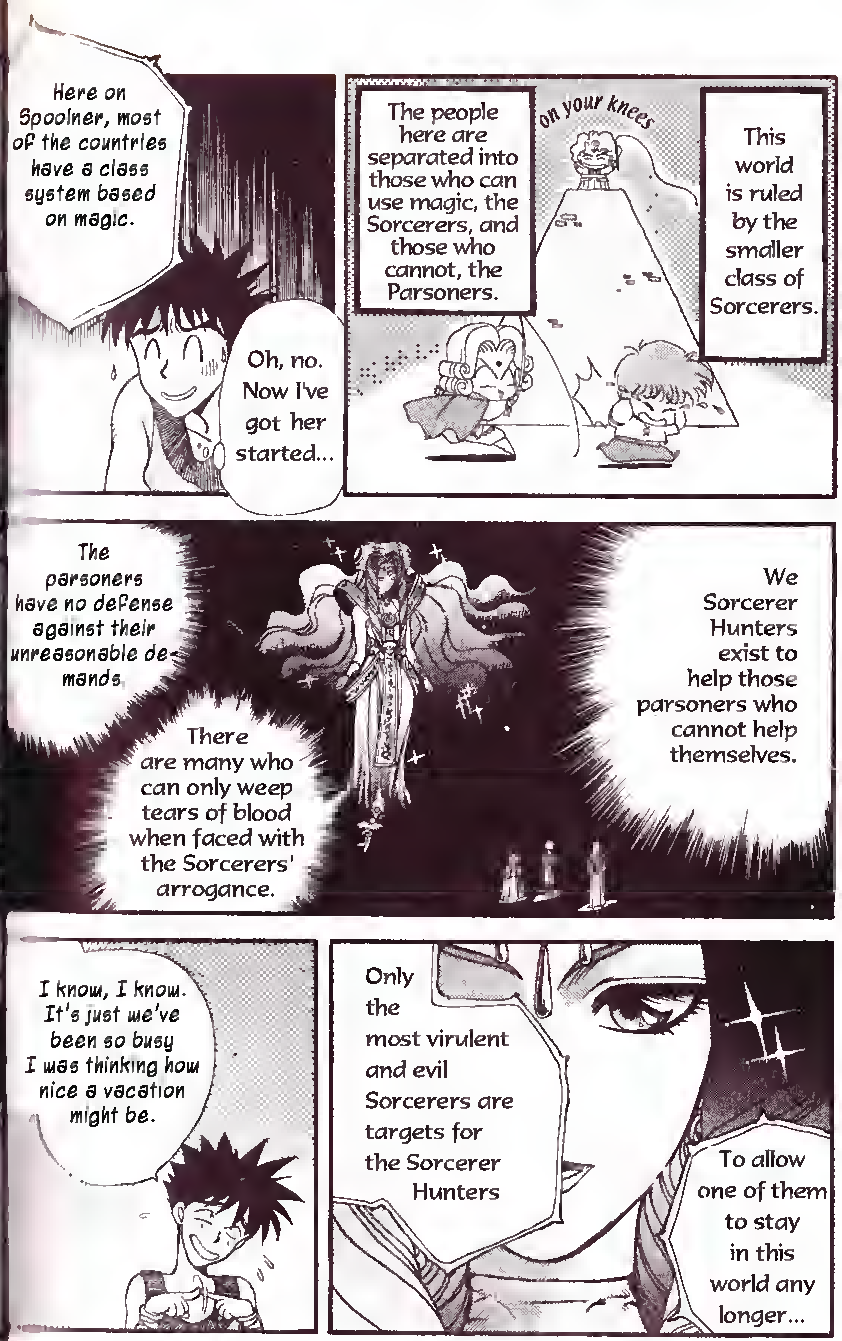
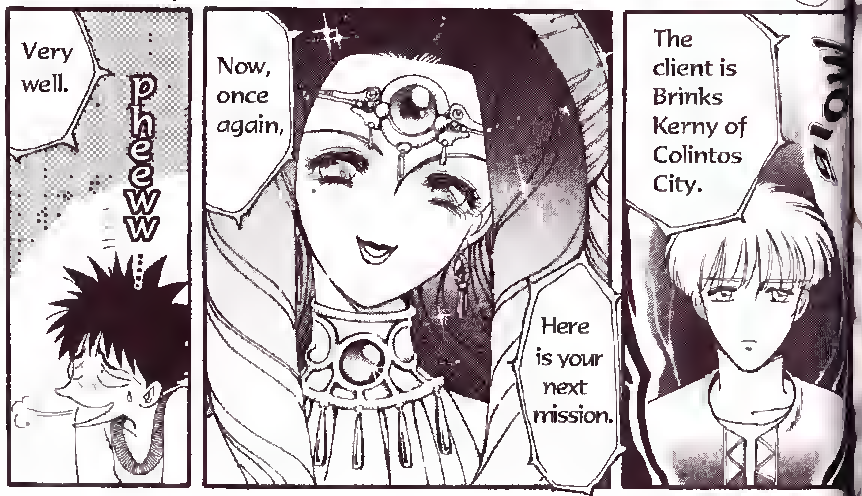
Big Mama.
This is Mola Saurian Magic
That is very impressive! I'll pay you well for that.
All Right!
KAPUT
Man, what a slave driver!
Now for your next mission...
Carrot, it seems you don't understand the importance of the Sorcerer Hunters' mission.
uh... No! It's not that...

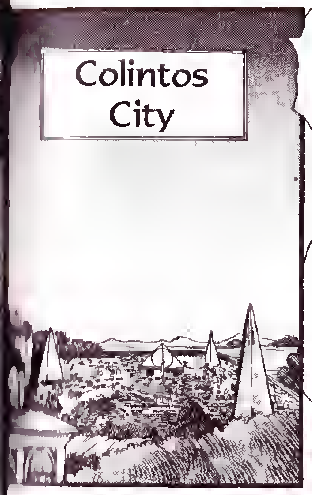


Here on Spoolner, most of the countries have a class system based on magic.
Oh, no. Now I've got her started...
The people here are separated into those who can use magic, the Sorcerers, and those who cannot, the Parsoners.
on your knees
This world is ruled by the smaller class of Sorcerers.
The parsoners have no defense against their unreasonable demands.
There are many who can only weep tears of blood when faced with the Sorcerers' arrogance.
We Sorcerer Hunters exist to help those parsoners who cannot help themselves.
I know, I know. It's just we've been so busy I was thinking how nice a vacation might be.
Only the most virulent and evil Sorcerers are targets for the Sorcerer Hunters
To allow one of them to stay in this world any longer...

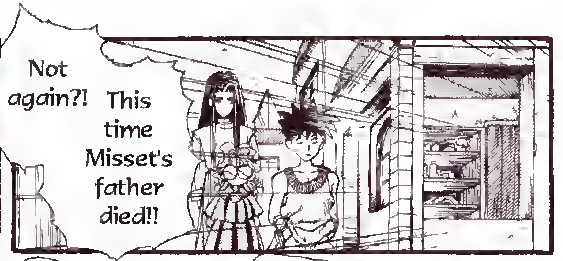
WILL NOT BE ALLOWED!!
start
I get it Big Mama!!
Don't forget one thing, Carrot.
Once a Sorcerer Hunter has accepted an assignment, he must carry it through no matter what!
Even if it means his life!
Of course I know



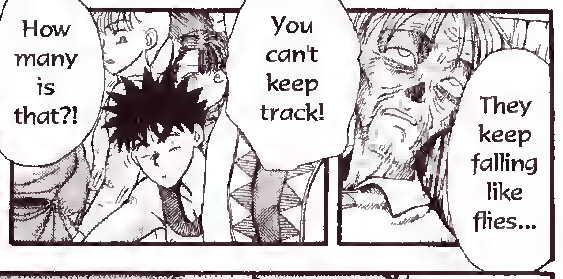
Very well.
pheew...
Now, once again,
Here is your next mission.
The client is Brinks Kerny of Colintos City.
Wow!



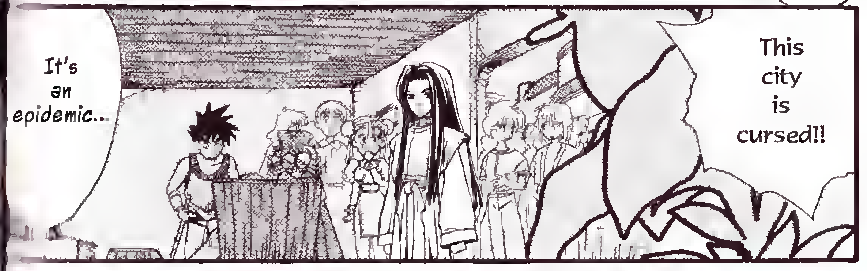
Colintos City



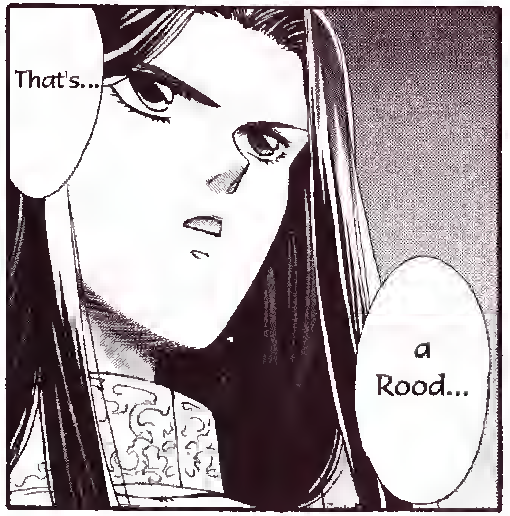
Not again?!
This time Misset's father died!!



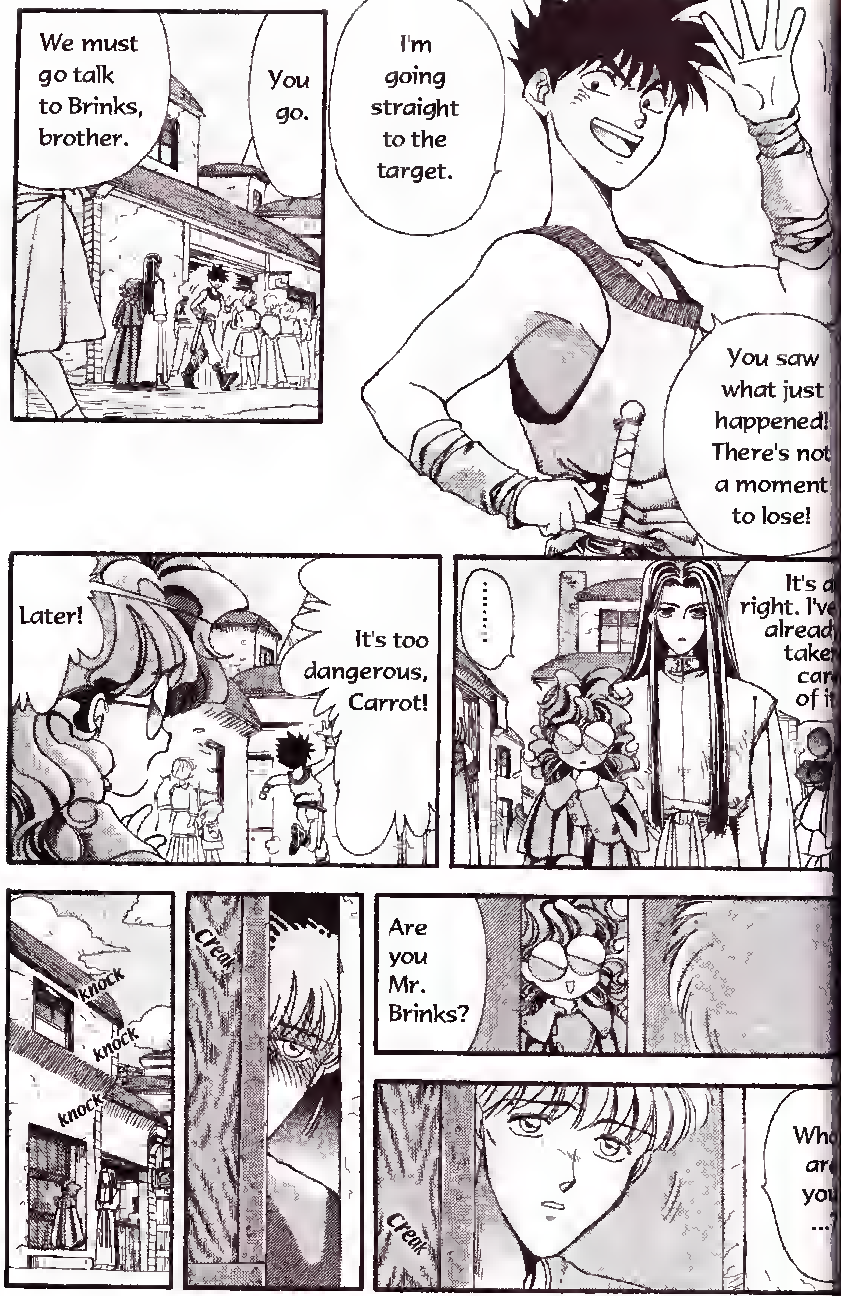
How many is that?!
You can't keep track!
They keep falling like flies...



It's an epidemic...
This city is cursed!!



That's...
a Rood...



We must go talk to Brinks, brother.
You go.
I'm going straight to the target.
You saw what just happened! There's not a moment to lose!
Later!
It's too dangerous, Carrot!

It's a right. I've already taken car of it

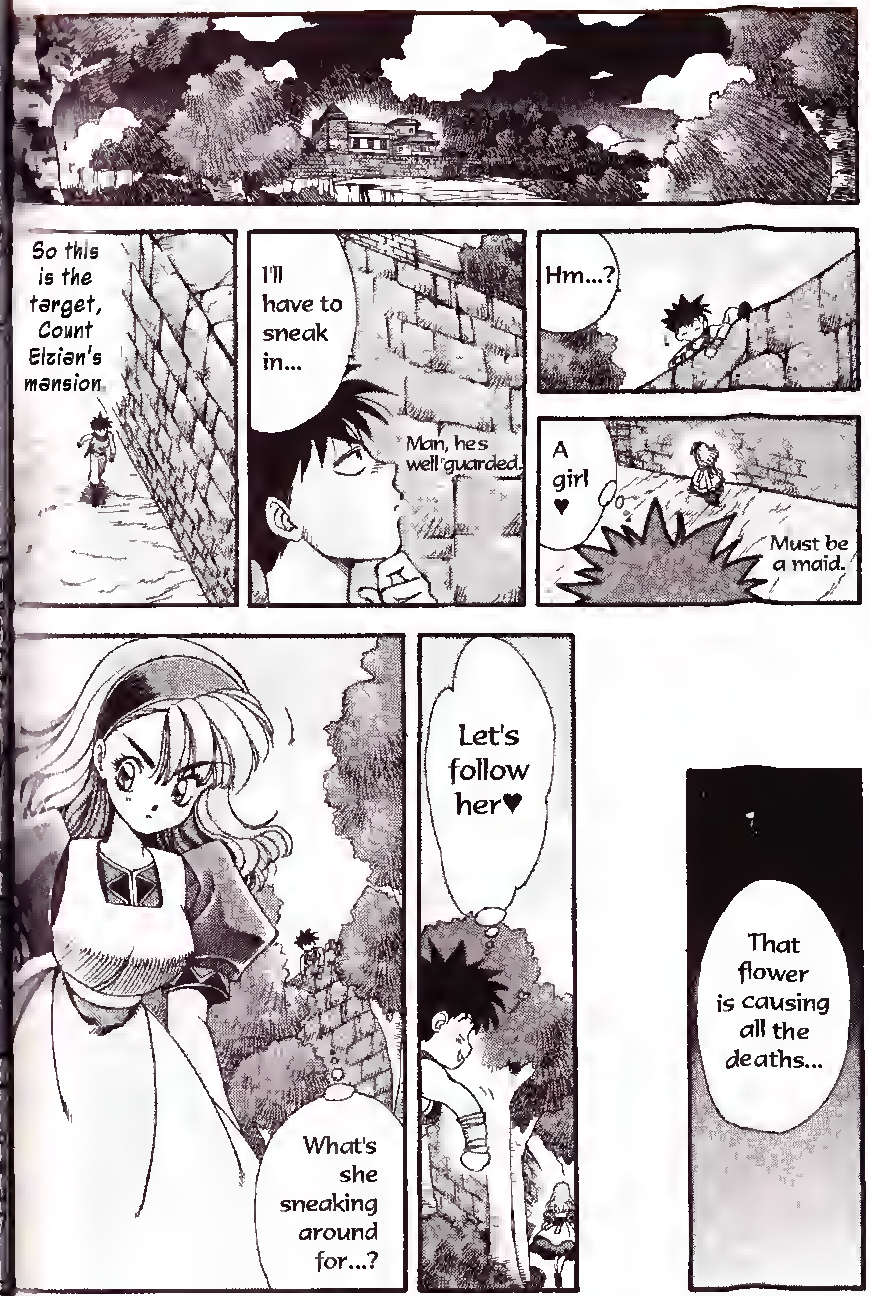
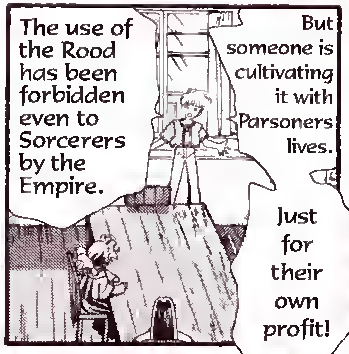
Are you Mr. Brinks?
Creak
Who are you ...?

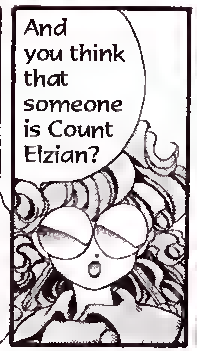


So this is the target, Count Elzian's mansion.
I'll have to sneak in...
Man, he's well-guarded.
Hm...?
A girl ♥
Must be a maid.
What's she sneaking around for...?
Let's follow her♥
That flower is causing all the deaths...

The Magic Flower Rood.
A terrible plant that can suck the life from a human.
Once the Rood has absorbed a life, it becomes a powerful magic ingredient.
It can give the user great power.



The use of the Rood has been forbidden even to Sorcerers by the Empire.
But someone is cultivating it with Parsoners' lives.
Just for their own profit!



And you think that someone is Count Elzian?

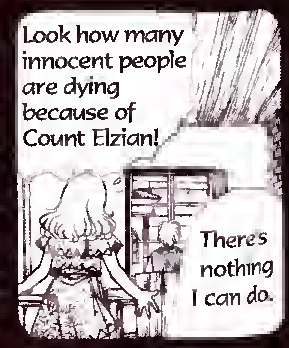
I saw a man taking a Rood...
Out of the Count's mansion !!

But that's not enough to make an accusation.
He'd quickly cover it up.
That's why I sent for you.
But Olivia...

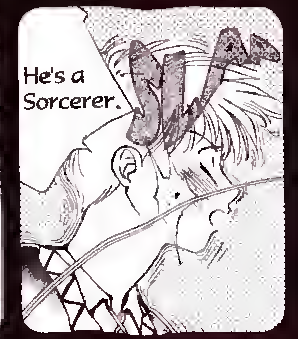
Olivia?

My girlfriend. She snuck into Count Elzian's mansion as a maid to find positive proof.
You coward !!

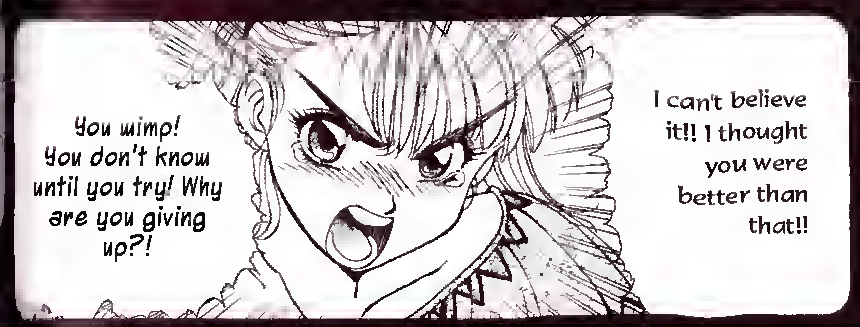
You already know that much! Why don't you try to do something ...!?



Look how many innocent people are dying because of Count Elzian!
There's nothing I can do.

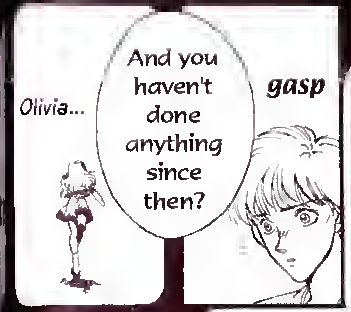


He's a Sorcerer.



You wimp! You don't know until you try! Why are you giving up?!
I can't believe it!! I thought you were better than that!!

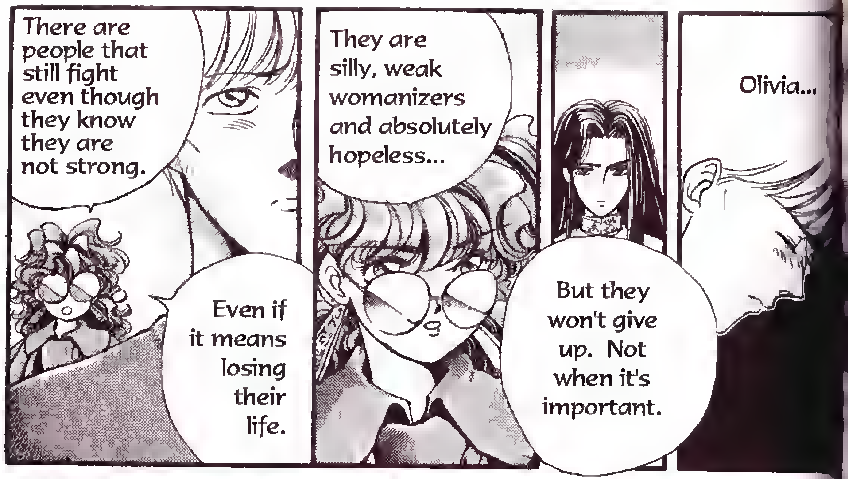
All right! I'll go get proof!!
Oli...



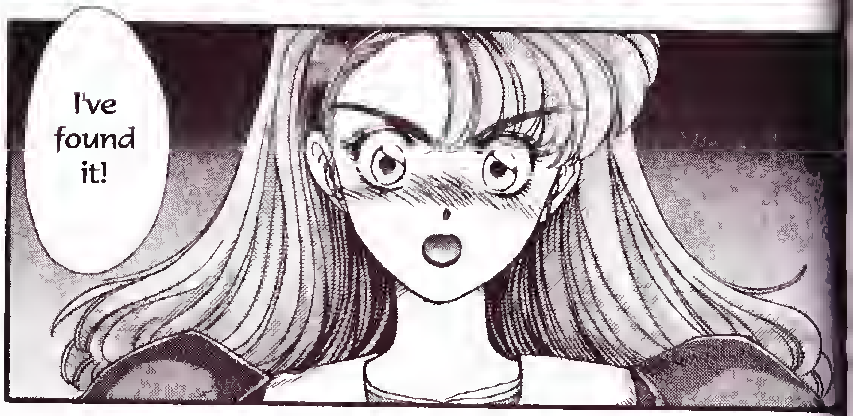
Olivia...
And you haven't done anything since then?
gasp

You let your girlfriend face the danger while you just run away?
What can I do?

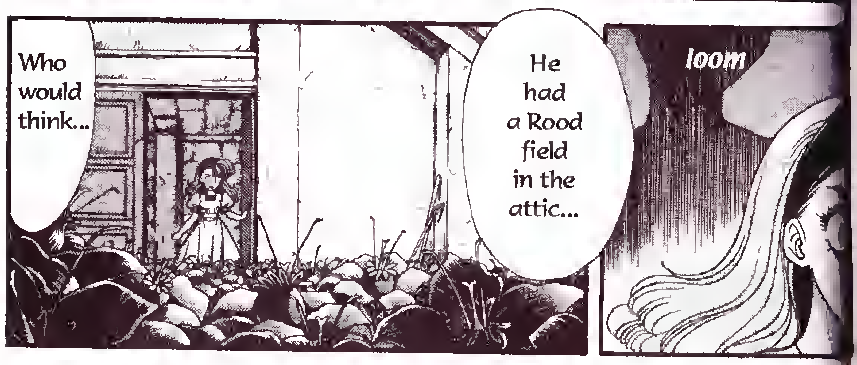
It's not what you're able to do...
It's what you try to do that's important.



There are people that still fight even though they know they are not strong.
Even if it means losing their life.
They are silly, weak womanizers and absolutely hopeless...
But they won't give up. Not when it's important.
Olivia...



I've found it!



Who would think...
He had a Rood field in the attic...

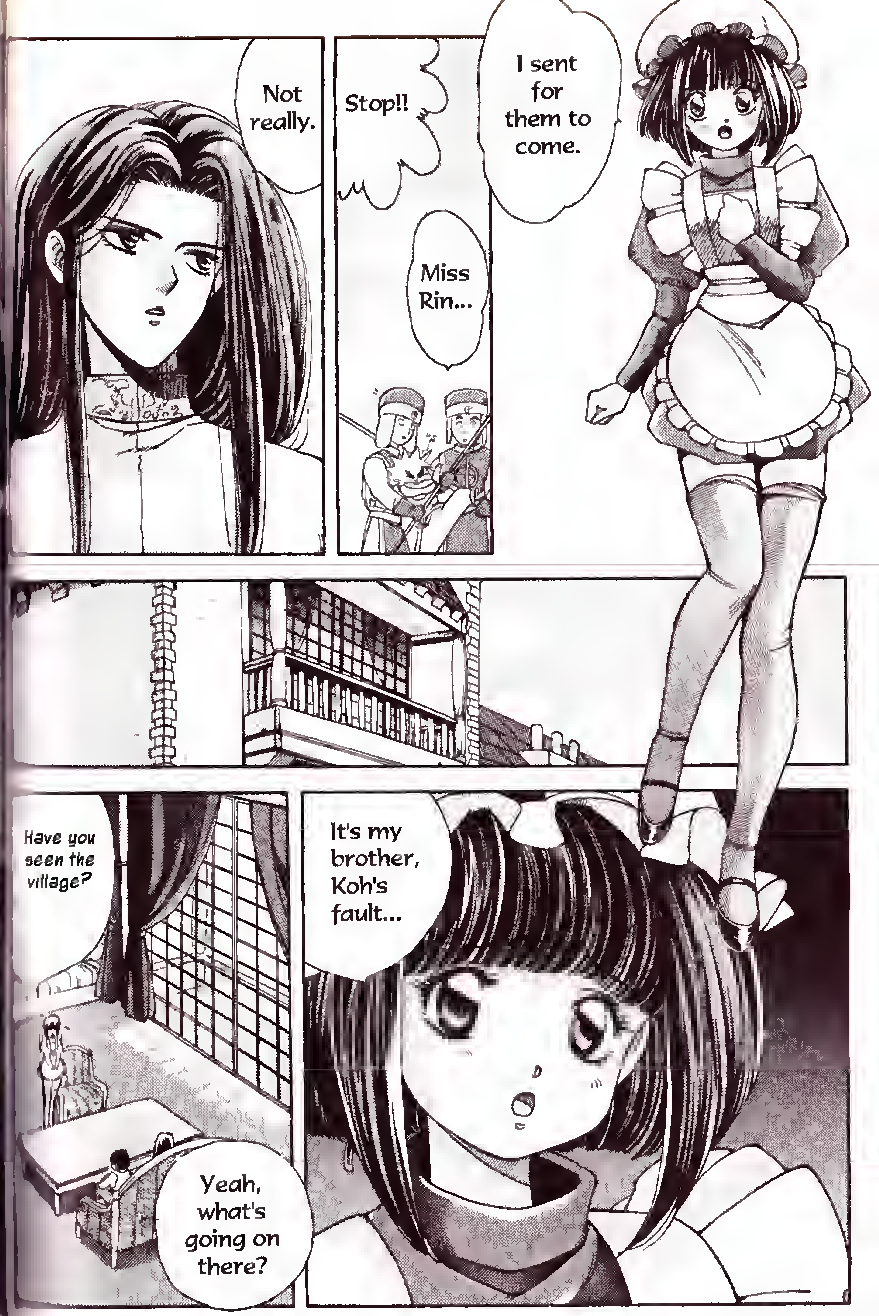
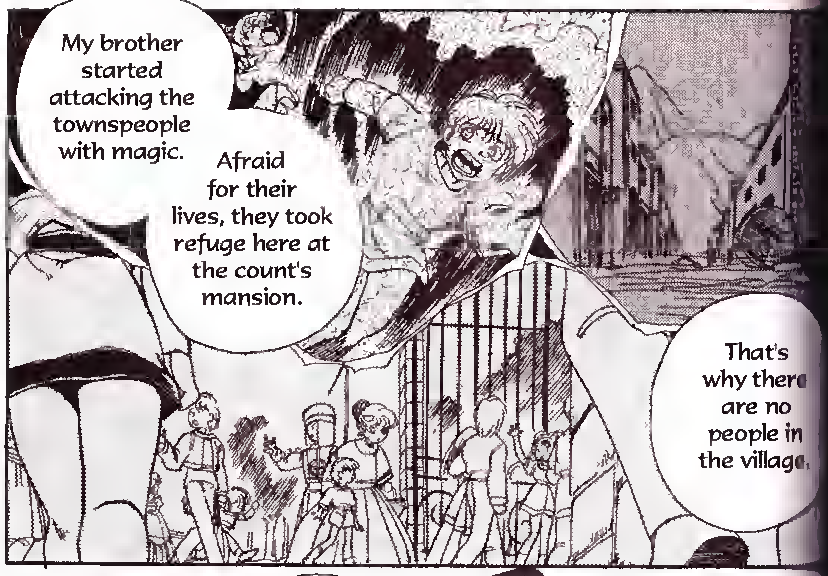
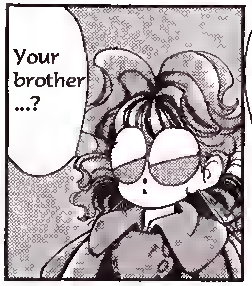
Help! Marron! Tira!
You always act so cold, Marron.



Not really.
Stop!!
Miss Rin...
I sent for them to come.
Have you seen the village?
Yeah, what's going on there?
It's my brother, Koh's fault...



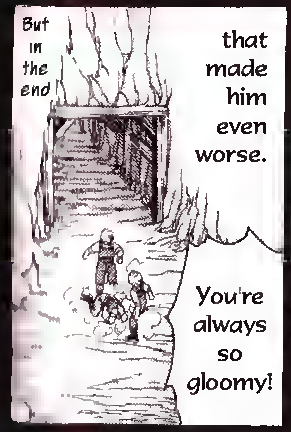
My brother started attacking the townspeople with magic.
Afraid for their lives, they took refuge here at the count's mansion.
That's why there are no people in the village.



Your brother ...?

Yes. I called you here...
because I want you to stop him...

My brother was always alone...
he never opened up to anyone.
I felt sorry for him so I tried to be with him as much as possible.

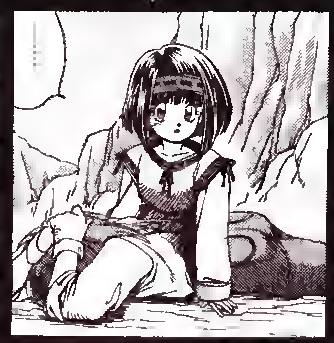


But in the end
that made him even worse.
You're always so gloomy!

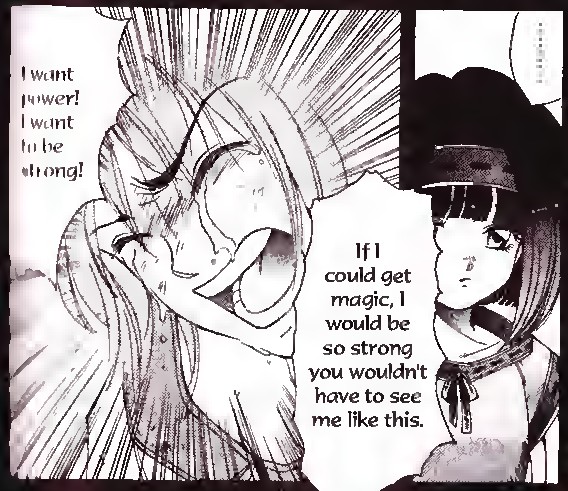
It gets on my nerves!
If you can't make yourself useful, get out of this town!

Stop!!
Here comes the sister.

Let's go!
He can't do anything without his sister!!

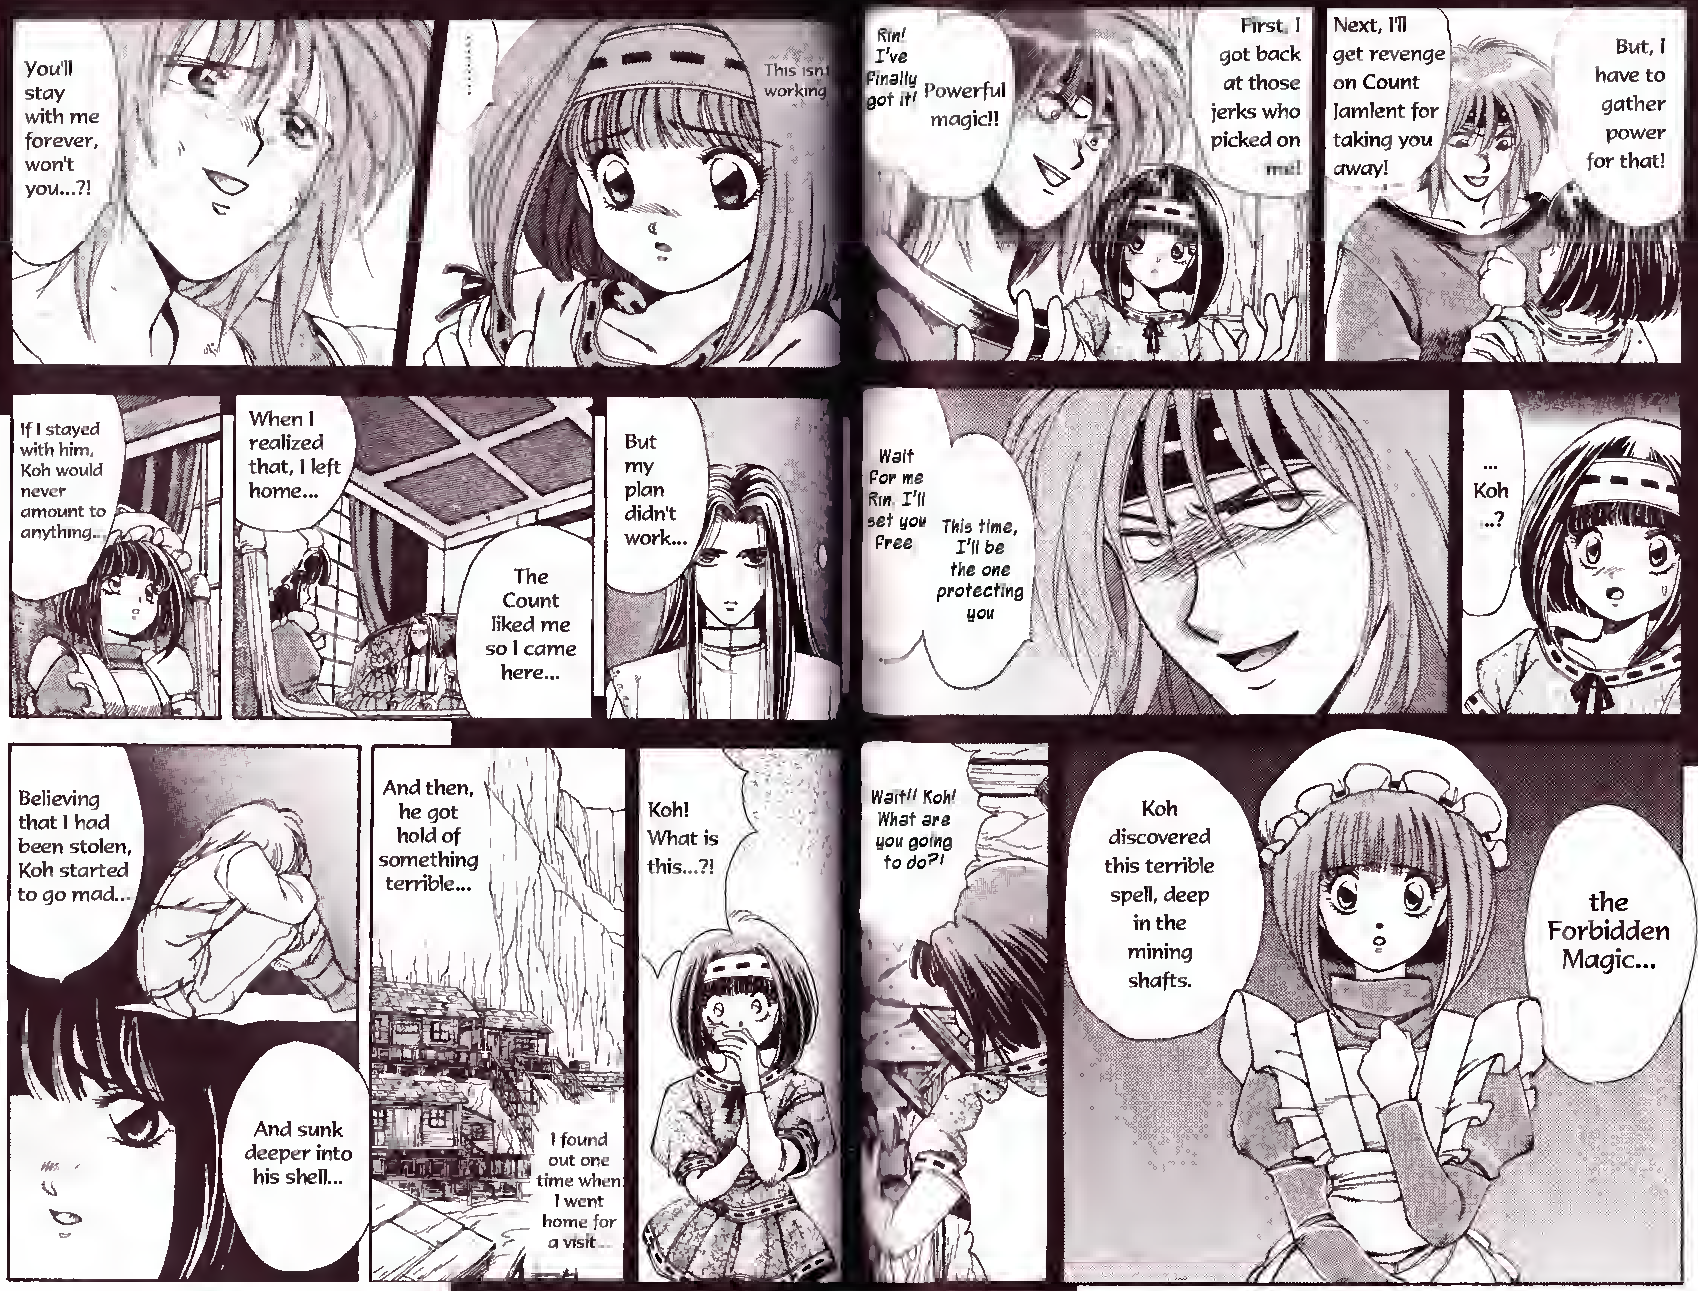


Are you alright, Koh?
groan...
I hate it! This is so pathetic, Rin!



I want power! I want to be strong!
If I could get magic, I would be so strong you wouldn't have to see me like this.

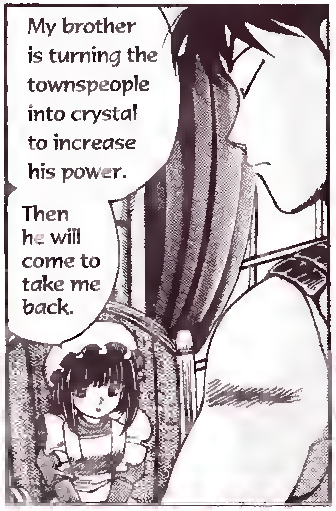
Rin...
You wouldn't leave me would you?!



You'll stay with me forever, won't you...?!
This isn't working
Rin! I've finally got it! Powerful magic!!
First, I got back at those jerks who picked on me!
Next, I'll get revenge on Count Jamlent for taking you away!
But, I have to gather power for that!
If I stayed with him, Koh would never amount to anything..
When I realized that, I left home...
The Count liked me so I came here...
But my plan didn't work...
Wait for me Rin. I'll set you free
This time, I'll be the one protecting you
... Koh ..?
Believing that I had been stolen, Koh started to go mad...
And sunk deeper into his shell...
And then, he got hold of something terrible...
I found out one time when I went home for a visit...
Koh! What is this...?!
Wait!! Koh! What are you going to do?!
Koh discovered this terrible spell, deep in the mining shafts.
the Forbidden Magic...

The Dark Water...
A terrible spell that changes people into crystal...
They say the water consumes the crystal and becom even stronger...

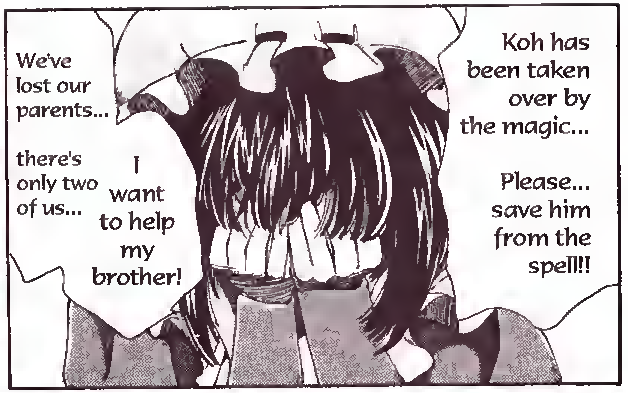
And that's what revived your brother.



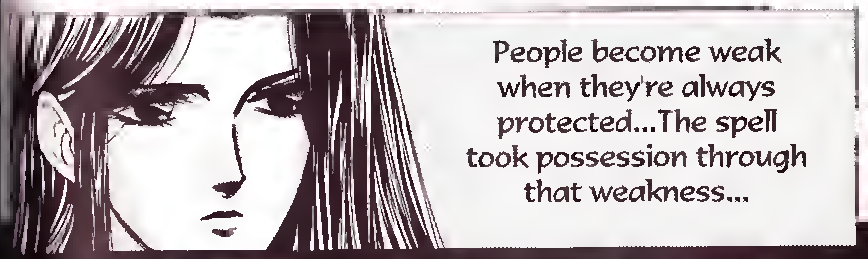
My brother is turning the townspeople into crystal to increase his power.
Then he will come to take me back.

But now that the people are gone...Koh is sure to attack this mansion...

Please, I beg of you... stop my brother...



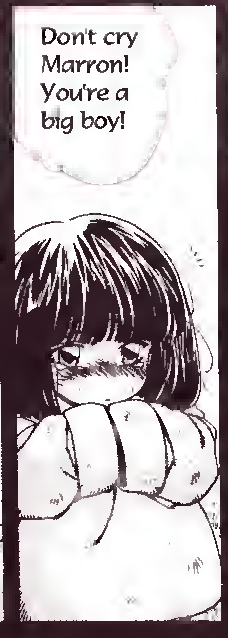
We've lost our parents...
there's only two of us...
I want to help my brother!
Koh has been taken over by the magic...
Please... save him from the spell!!



People become weak when they're always protected...The spell took possession through that weakness...

He doesn't laugh at all!

You're too calm!!
Make him cry!



Don't cry Marron! You're a big boy!

Carrot...
Let's go home...

It was Rin who brought me the crystal.
She asked me to use it.
She's a charming girl, your sister.

According to their parents, all of the missing boys are quite handsome...
You could be in danger, Marron.
But Carrot wouldn't get a second look.
My brother is a genius at finding trouble...
You can't be so sure...
You're right there...
Please wait here, Mr. Glace.
May I call you Carrot?

Now that I think of it...
I remember Count Oybrad's carriage being around when those boys disappeared...
But Count Oybrad passed away last year...
Only Lady Velrose, his only daughter, is left now.
Just now, I saw this clown getting into the count's carriage...
He wouldn't have eyes like this and spiky hair?

Only the few who can use magic form the ruling class over the many who cannot.
The dominance of the sorcerers over the parsoners redefines cruelty.
But for those people, there is one ray of hope!
OH!
That is the existence of mysterious agents who eliminate the most evil of the Sorcerers in heaven's name.
They call them the Sorcerer Hunters!
This is the story of three young Sorcerer Hunters...
and their tales of love and adventure ...!

I have a rather difficult assignment for you this time.
A difficult assignment?

Daughter!

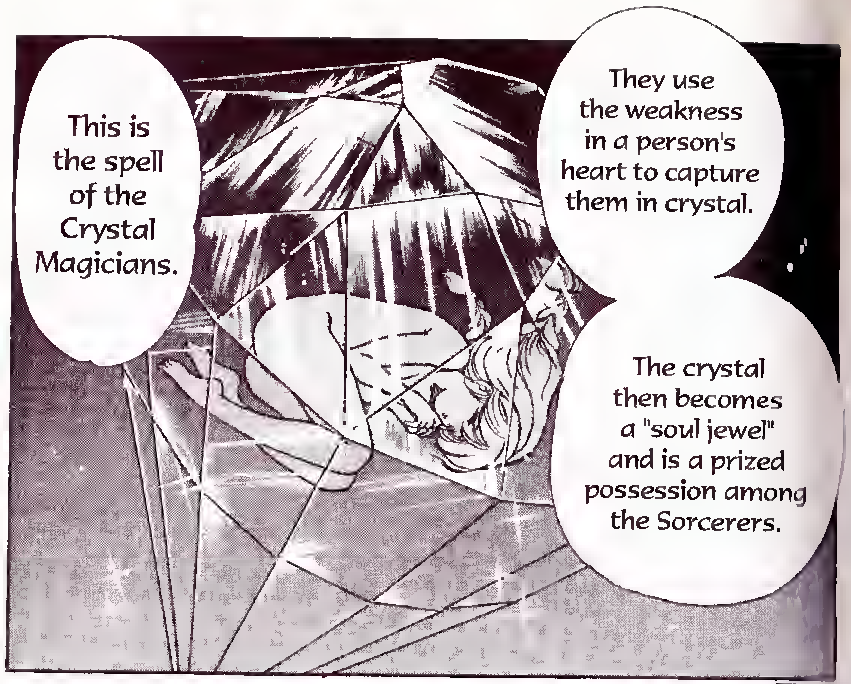
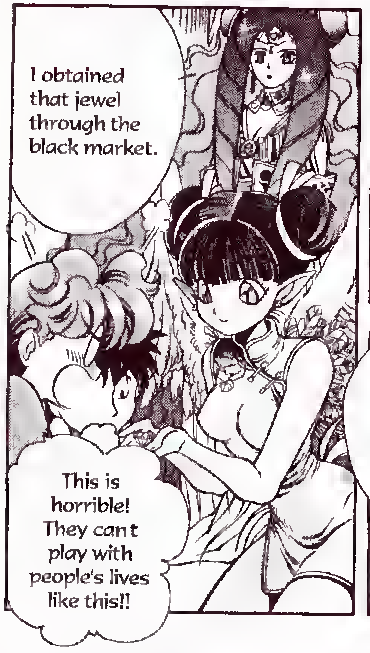
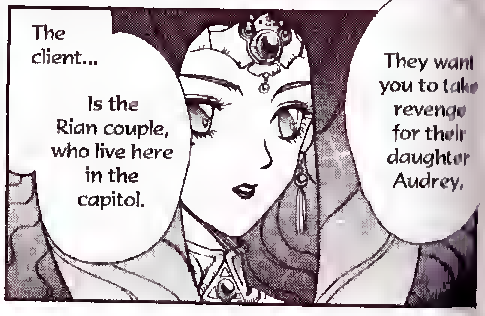
W-what's this?!



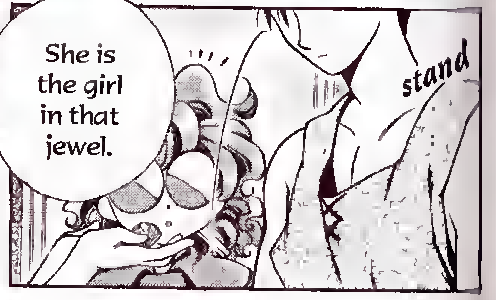
This is the spell of the Crystal Magicians.
They use the weakness in a person's heart to capture them in crystal.
The crystal then becomes a "soul jewel" and is a prized possession among the Sorcerers.



I obtained that jewel through the black market.
This is horrible! They can't play with people's lives like this!!



The client...
Is the Rian couple, who live here in the capitol.
They want you to take revenge for their daughter Audrey.



She is the girl in that jewel.
